

WILDLIFE LEGACY GIVING MATCH CHALLENGE

As our planet warms and habitats shrink, the future of iconic species is increasingly uncertain. Humans are largely the cause—but we can also be part of the solution. Will you join us?

WCS has a proven track record of conservation impact over more than 125 years. We have saved species ranging from the mighty bison to the tiny Kihansi spray toad—and critical populations of tigers, elephants, whales, and more are on the right path today thanks to WCS and partners.

How many more can we save together?

Planned gifts have powered WCS's mission since our founding. Our legacy supporters who made commitments over a century ago live on through our work at the Bronx Zoo, our other New York zoos and aquarium, and in more than 55 countries.

Your legacy can create a world where wildlife thrives for generations to come. Will you take the next step?

MISSION

WCS saves wildlife and wild places worldwide through science, conservation action, education, and inspiring people to value nature.

VISION

WCS envisions a world where wildlife thrives in healthy lands and seas, valued by societies that embrace and benefit from the diversity and integrity of life on Earth.

YOUR LEGACY, THEIR FUTURE

TAKE ADVANTAGE OF THE MATCH

By committing a portion of your estate to WCS today, you will amplify your impact through the Wildlife Legacy Giving Match Challenge. For a limited time, your commitment will unlock additional funds equal to 10 percent of your bequest (up to \$25,000). Your gift will ensure WCS can respond to urgent and emerging threats to wildlife and set the foundation for the recovery of nature.

You can help build a more abundant, resilient planet for future generations.

Secure your legacy and protect wildlife today.

Saving wildlife and wild places through science, conservation action, and education are high priorities for us, and we can't think of any institution that pursues these objectives nearly as effectively as WCS.
